# Bread Crums

first month of ownership. Customers were asked to categorize each defect as a “major” or “minor” issue.

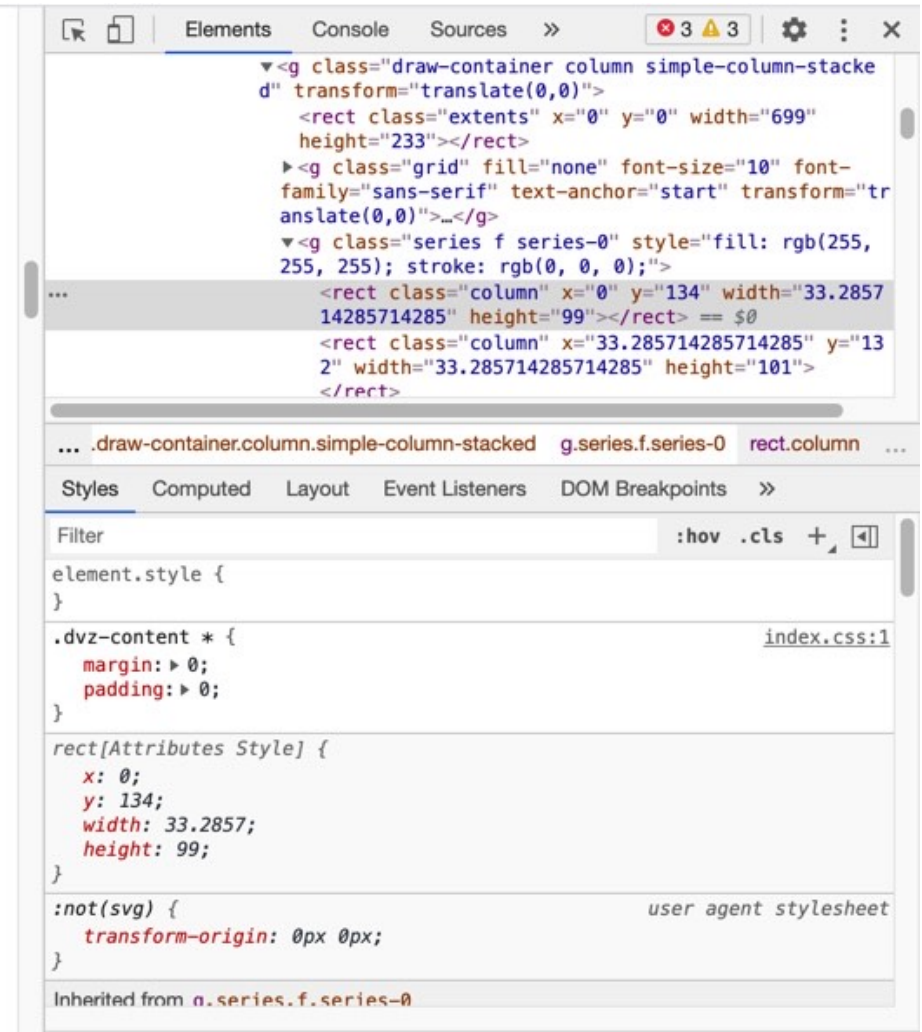

## Quality Improves in 2019

Defects per 100 vehicles within the first 30 days of ownership

☐ Minor Issues ☒ Major Issues

The worst single month for Tesla defects was February 2019, which recorded 101 issues for every 100 cars sold. That’s when Tesla began overseas exports amid a dizzying stretch of changes to production and logistics that led to half of the quarter’s deliveries rushed out in the final 10 days.
